7	Contact Information	3

INTRODUCTION

Welcome to the LMS Application! By accessing and using our Learning Management System (LMS), you agree to comply with the terms outlined in this document. These Terms of Use govern your interaction with the platform, including its features, content, and services. If you do not agree with these terms, please refrain from using the application. The LMS facilitates seamless management and access to courses for Admins, Instructors, and Learners.

1 ROLES & RESPONSIBILITIES

The platform supports three primary roles: Admins, Instructors, and Learners. Admins oversee platform operations, manage user accounts, and organize courses. Instructors create, manage, and deliver course content, ensuring it aligns with the platform's guidelines and educational objectives. Learners access these courses, participate in activities, and track their progress. All users are required to maintain the confidentiality of their login credentials, and any unauthorized use should be reported immediately to the Admin.

2 ACCEPTABLE USE OF POLICY

All users are expected to use the LMS responsibly and in accordance with applicable laws and platform guidelines. Activities that disrupt the platform's functionality, compromise security, or violate intellectual property rights are strictly prohibited. Users must not share account credentials, upload harmful or malicious content, or misuse the platform for purposes other than its intended educational use.

3 PROHIBITION OF RESELLING THE PRODUCT

Reselling, redistributing, or sublicensing the LMS application or its content is strictly prohibited. Unauthorized actions, including sharing access credentials or hosting the platform for external use, may result in account suspension and legal action. Report any misuse to maintain the platform's integrity.

4 ACCESS & AVAILABILITY

The LMS is accessible to users who meet the eligibility criteria and agree to these terms. While we strive to provide uninterrupted service, occasional downtime may occur due to maintenance, updates, or unforeseen technical issues.

5 LIABILITY & DISCLAIMER

The LMS is provided on an "as-is" basis without warranties of any kind, either expressed or implied. While we take measures to ensure the platform's functionality and security, we do not guarantee uninterrupted access, error-free operation, or liability for data loss. Users are encouraged to back up critical data and report any technical issues promptly.

6 AMENDMENTS TO TERMS

We reserve the right to update these Terms of Use periodically to reflect changes in platform functionality or legal requirements. Significant updates will be communicated to users via email or notifications on the platform. Continued use of the LMS after such updates signifies your acceptance of the revised terms.

7 CONTACT INFORMATION

For any questions, concerns, or issues related to these Terms of Use, please reach out to us at www.hexacorp.com. We value your feedback and are committed to providing a secure and effective learning experience.
